

System analysis

—Door frame auxiliary accessories

Usage Instruction
— Use with door mullion
(External clasp)

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
Sealing strip for clasp	500 m/roll	4 roll/case	OPK-A403	653926

Technical overview
— Material: carbon steel
— Surface Treatment: nickel plating

Usage Instruction
— For the connection of the door system
— Eight piece for a door

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
internal Hexagonal self-tapping machine wire	500 piece/bag	24 bag/case	OPK-A503	141325

Technical overview
— Material: PVC
— Finish Treatment: Black

Usage Instruction
— can be used for 4mm+4mm thick laminated glass

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
9mm Glass rubber strip	3.5m/piece	100 strips/tie	OPK-A409	653822

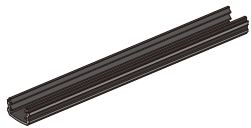

Technical overview
— Material: PVC
— Finish Treatment: Black

Usage Instruction
— Can be used for 10mm thick single glass

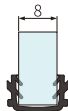

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
10mm Glass rubber strip	3.5m/piece	100 strips/tie	OPK-A410	653890

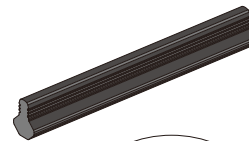

Technical overview
— Material: PVC
— Finish Treatment: Black

Usage Instruction
— Can be used for 8mm thick single glass

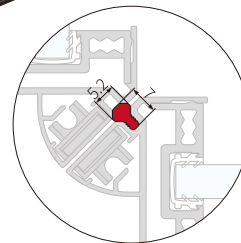

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
8mm Glass rubber strip	3.5m/piece	100 strips/tie	OPK-A408	653889

Technical overview
— Material: rubber
— Surface Treatment: Black

Usage Instruction
— For shock-proof and dustproof synchronized decorative wall cover

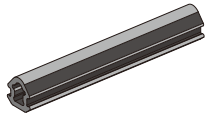

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
Right angle synchronized sealing rubber strip	400m/roll	2roll/case	OPK-A405	653763

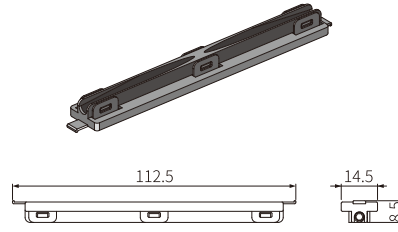

Use technology to perfect life, And to make industry-benign sustainable development

System analysis

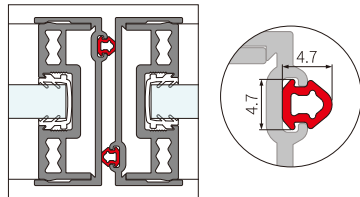

— Door frame auxiliary accessories

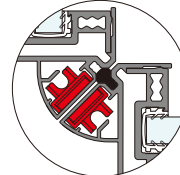

Technical overview
—Material: rubber
—Surface Treatment: Black

Technical overview
—Material: Iron + plastic
—Surface Treatment: Galvanized sheet + iron ash

Usage Instruction
— Used for folding door, achieve shaking prevention and dust prevention function

Usage Instruction
— apply to Right angle synchronized door as door stopper

Product name	Packing Specification	Model Number	order coding
Rubber strip for folding door decorative cover	550 meters/ roll	OPK-A419	653926

Product name	Inner Packing Specification	Outer Packing Specification	Model Number	order coding
Right angle synchronized Magnetic absorption	25 set/box	500 Sets / Carton	OPK-A512	648457
